

New hours, for the Wilmington Public Library, were adopted by the Board of Library Trustees, at their meeting Tuesday night. The Library will now open four hours earlier on Mondays, for a total of 62 hours a week. Library Service will now be from 10 am to 9 pm Monday thru Friday, and from 10 am to 5 pm on Saturday.

## WILL ENLARGE COUNSELING SERVICE

Plans for the immediate future of the Wilmington Counseling Service were unveiled last night, at a Board of Directors meeting by Emil A Berger, President of the Agency.

The Family Counseling Service has been in operation since last December, having been started by a committee made up of Wilmington Clergy and other residents.

Without any fanfare or publicity it has been servicing clients referred to it by the Clergy, and to date over a dozen families, referred to it by the Wilmington Clergy, have used the service.

The Agency is being supported by the Wilmington Community Fund in its initial phase, to provide the cost of incorporation, rental expenses, and to provide a salary for a part-time professional counselor.

No person is refused service if he is unable to pay, but a fee is charged, if the client can pay.

To date the referrals for service have only been accepted from the Clergy of Wilmington. This rule is now being waived, according to Berger. Referrals will now be accepted from Doctors, Lawyers and Business People of Wilmington who may feel that professional counseling would be beneficial to their clients and employees.

### Expansion Program

Foremost in a three-point program, revealed last night, is the initiation of evening sessions, in the Agency's headquarters at 8 Church Street, to conduct Psychological Testing of young adults who wish to have an evaluation of their vocational interests and pursuits.

The second point, and in keeping with the first, is the development of a local program, with the Small Business and Industry of Wilmington, to train local residents, young and old alike, who may have difficulties and problems in permanent employment.

The third goal of the Agency is to work out the particular role of the Agency with other agencies in Wilmington, to avoid competitive duplication of services in the community.

All residents of Wilmington are eligible for the service. As a non-profit Agency, all additional services are to be offered at cost.

Berger noted, last night, that the experience of the Agency to date indicates that there is a need in a growing community like Wilmington for Family Counseling Service, and the need must be realized and expanded.

In the past two weeks he has requested, by letter, many of the Town's leading citizens to join in the membership of the Friends of Family Counseling.

Persons who join become voting members, who are interested in promoting the work of the Agency. It is from the membership that the nominating committee, each year, will select the active membership to serve as officers and directors.

The Agency, prior to its current expansion, has been providing counseling to families and their members in problems associated with: prospective divorce; difficult parent-child relationships; inter-family relationships; persons or families of persons released from custody or institutions; problems

## Two Burglary Charges Youth Arrested

A 20 year old youth, formerly a resident of Wilmington, but recently a resident of Tesbury, has been arrested by the Wilmington Police on two charges of burglary.

The arrest was made last week, on complaints issued in Woburn Court to Inspector John Harvey of the Wilmington Police. The youth is charged with breaking and entering the Valley News Company

office in North Wilmington and stealing money, and secondly with breaking and entering in the night time. Valley News, last week, was the scene of a near \$1700 burglary in which the office safe was forced open.

The youth is now free on \$3000 bail, pending arraignment in Woburn Court.

## Arson Suspected

Arson is suspected, but not yet proven, in a fire which completely burned the old Austin Taylor residence, off Beech Street, Tuesday morning.

Empty since the death of Mrs Taylor, the house stood some distance from Burlington Avenue, in an isolated section. The fire was first seen, above the trees, by a passing motorist, who called the Fire Department at 1:55 am Tuesday. The home was completely damaged, and the Fire Department spent 3 1/2 hours at the scene.

The value of the home was estimated at about \$5000.

## Richard Silverman named for Conservatory Tour

Richard H Silverman, son of Dr. and Mrs Herbert Silverman of 135 Middlesex Avenue has again been selected to be a member of the New England Conservatory of Music Tour Chorus.

This is the second time that Mr Silverman has been so honored. He was a member of the New England Conservatory Tour Chorus which sang in many countries in Europe a year ago, including Soviet Russia.

The 50 voice chorus, selected from the full 160 member chorus,

# The 1968 Spring Flood

The Spring Flood of 1968, which at this time is headlined in the papers of Massachusetts, was not as bad, for Wilmington, as the flood of August 1955.

But cellars in the hundreds are flooded, and water is running over some of the streets. Wildwood Street is closed to traffic.

The crest level, as of Wednesday morning, was about five inches lower than the level of thirteen years ago.

At 8 am Wednesday morning the Wilmington Fire Department had a list of 82 cellars to be pumped out. Some of these were on previous lists, and had already been pumped out one or more times.

Both the Fire Department and the Water Department have been working on a round-the-clock schedule, pumping cellars of private homes. Two trucks from the Water Department, with eight men, are on loan to the Fire Department.

Total rainfall, over the weekend and through to Wednesday morning, in Wilmington, was 3.56 inches at the Browns Crossing Pumping Station. There was 1.43 inches of rain in the middle of last week.

## COPPER WIRE STOLEN

The second theft of copper wire in Wilmington in recent weeks occurred over the past weekend.

12,500 feet of wire was stolen from the Boston & Maine RR., from poles alongside the right-of-way near the old Silver Lake depot.

**SO YOU THINK YOU HAVE PROBLEMS?** The home of Dominic Corella, off Clark Street not only has water in the cellar, but is just about ready to float off, with water in the driveway, on the front walk, and everywhere else.

The mail truck, in the foreground, being operated by Joseph H Woods Jr., is on Clark Street, one of those flooded by the recent rain.

**NAVIGATING ON WILDWOOD STREET:** The bridge over the Maple Meadow Brook is just visible, beyond the car.

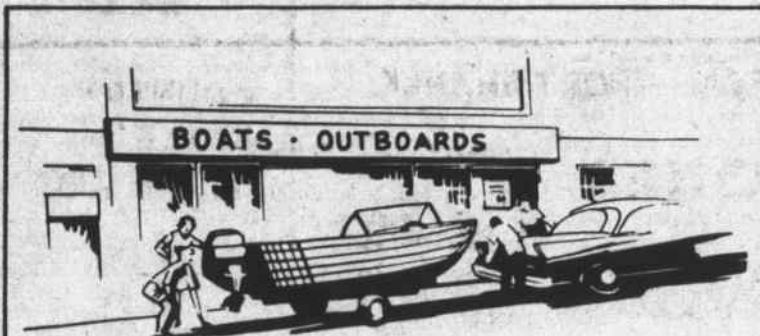

**DOWN BY THE LEVEE:** On Federal Street, near Maple Meadow Brook. There is about an inch of water on the street, and nearby homes have sand-dikes, to keep water from their homes.

This street was under five inches of water in 1955, and since then the Wilmington Planning Board has refused development permits to three different firms, on the grounds of inadequate drainage proposals for streets to be constructed.

**NO WATER IN HIS CELLAR:** Doc Fagan may have to get an underwater attachment for his lawn mower, but he has no water problems in his cellar, in his Clark Street home. The cellar was water proofed when built, about forty five years ago.

## Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hello there! Due to the weather, the meeting of the American Legion Auxiliary was cancelled last Monday. It will be held next Monday night at 8:00 at the Headquarters on Middlesex Avenue.

Speaking of weather. It was so bad at the end of Floradale Ave this week that we had Wild Ducks in the side yard. We're feeding them, but don't know how long we can keep them, because the water is getting lower!

David Walsh of 148 Grove Ave has four white mice that he would like to give away to anyone with a cage. If you want a mouse, or two, call David at 658-6154.

The Senior Girl Scouts are showing a movie 'Swiss Family Robinson' on Saturday, March 23rd at 10:30 a.m. at the Villanova Hall. Admission for the children will be 50¢ for adults 75¢. Refreshments will be sold.

Here's a pick-you-up for Lent. The parents of the Pop Warner Children are running a Dance so there will be money for the League for next year. This will be held at the Grange Hall on Saturday evening, the 30th at 8:00 until 12:00. All kinds of refreshments will be served. Get your ticket from Mrs. Lipski on Lawrence Street, 658-8776. The toll will be \$1.25 per person, and it promises to be a great time for all!

St Thomas CYO Youth Center has been having difficulties with non-members entering the premises so they are changing the membership cards to include pictures. These will be taken free of charge at the Center on Friday night April 5 or Sunday afternoon April 7. If the pictures are not taken at these two times, the kids will have to pay for them themselves. No youngster will be admitted after the month of June unless he has one of these cards!

If you see a lady in a green car with a green Girl Scout Uniform on, it's Jean Foley out delivering the forms for the first grade girls to take home to their mothers so that they may join Brownies! These are the future citizens of tomorrow. If mother or girl is interested in joining

Jean will be at the Methodist Church on Church Street on Wednesday April 3, from 9:30 to 12:00 to answer any questions.

Midnite, the famous lost angora cat, black and with the bandaged foot, or his ghost, appeared on Burlington Avenue and Chestnut Street during the storm. However, upon the arrival of the owner Midnite had disappeared. If any of you see him, call Silver Lake Drug 658-4617, or 658-3784, and ask for Mary.

Hear that Mrs. Betsy Flight Cronin has organized the Ski Club at the High School, and it is really going great guns. They have been away for four weekends and really have a ball. Betsy has her husband David and another couple who are friends from college days, who chaperone this group and ski as well.

Did you know that.....Pauline Daley, the proprietor of Shawheen Market, is confined to the Choate Hospital for an operation....Helen Miller of Deming Way is also at Choate, since 4 am Sunday morning but is holding her own.....Joan Olson of Forest Road is back home from the Children's Medical Ctr. in Boston, after undergoing an operation on her spine. She will be in a body cast until July.

Now out with the cards folks, and you High Schoolers, go and give Joan a visit. She'll appreciate it. It will be a long four or five months...the next ones for her, so let's make them as pleasant as possible.

Hey, you folks are great! The yarn and knitting project for the Veterans is really getting off the ground now. Had donations from the Woburn Street School Cafeteria Staff for this week, as well as more from the bank. A package arrived from the ladies on Martha's Vineyard, fairly bulging at the seams, Mrs. Drew has helped us out, and many many others. We need this going all the time though, because those knitters can really swing those needles!

One of the gals called on Monday am to tell me that someone had offered yarn in the Confidential Chat on Sunday in the Boston Globe and she had called the editor first thing on Monday morning. He said that she'd have to write a letter to the person, so she immediately did, and offered to pick it up if the gal would leave it at some appointed spot, so as not to reveal her identity. (This is a must with the chat)

So keep your fingers crossed and we may be able to get that windfall. That's really thinking there, Ruth! Understand that there was a group during the last war who knitted and

ran luncheons at the Silver Lake Betterment Hall for the money-raising project...Rose Ritchie, the Porter Girls, Muriel Martin, Elsie Eaton, and others known as the 'Aids to Victory' Well, gals, where are you. Nellie's looking for you. Give her a call, why don't you. We can use all the help we can get. The rest of you...have you asked your cousins, your sisters, and your aunts? Okay, now try your friends and your neighbors, and when those run out, start on the strangers at the store, on the street, at Church....Let's really get with it now!

Nelly will work out a little display for the Depot. While Nellie has been working so hard on the Afghan project, her husband has brought me a lot of jigsaw puzzles for the boys in the Sanctuary.

Now, hear this, hear this, the next shipment of the games for the kids and fellas on the Sanctuary on April first next! Bring any toys and games down to the Depot to add to the stack. We haven't heard yet from a lot of people for either one...people that I know should be answering this hue and cry? Let's get with you guys, or do you want me to call you by name!

Frank Kendall sent us a postcard for the Board of the Monumental Main Gat at Fort Lewis, Washington! His message was 'Hi, Nancy, Just got here. The weather is not too bad. A few showers now and then. Will send some cards as I go along to Korea. By for now, Frank Kendall' (That's the boy, Frank. Now if the rest of the

boys will get with it. You'd be surprised the number of people that just stop in to see that Board)

Mr and Mrs Murray of 170 Wildwood Street just returned home from a visit with their son Harold who is stationed in Norfolk, Virginia. With Harold are wife, Sue and their two sons John and Kelly. She says that Gerry Murray is now in VietNam.

A REMINDER! All of you who haven't registered to vote. Get to the Town Hall on Saturday between 10 am and 10 pm and register...and that means all of you! The last chance before the Presidential Primaries!

## Selectmen's Meeting

Flooded cellars and highways were the main subject of discussion in the Selectmen's meeting Monday night. Mrs Drew presided because of the absence of Chairman George Boylen, who had to be in Arizona on a consultant's call.

A few homeowners from the Woodland Road section were present, because of water problems in their area, and Mrs Helen Casey was present from Redwood Terrace. Selectman Miceli offered the information that he had been in the Woodland Road area in the morning and it was his opinion that it was terrible.

TM Sterling Morris offered the information that there had been a 7 1/2 inch accumulation of rain, and that the frost was not yet out of the ground. The consequence was that not only streets were flooded, but many private homes. The Highway Department had opened every culvert during Monday, he said, and there was just no way to solve the crisis immediately. He told the Selectmen that he had been up all night because his own cellar was flooded and this elicited a remark from Mrs Casey "That's good, because I was going to call you up at four o'clock this morning to get you up!"

Morris assured Mrs Casey that he would have been right there to answer the telephone.

Mrs Drew told the board that she had had to purchase a pump for her home, after all the time she had been living there.

James Banda wanted to know what had happened to the \$25,000 which had been appropriated for Ipswich River drainage, to be matched by the state. He was told that it had been used for other purposes.

William Mason of Woodland Rd, wanted to know if the developer of his area would be able to continue, with all of the brooks there backed up. Banda said that the developer was in for a modification on the third part of his plans.

Mason then suggested that pressure be put on the builders to finish Section 2 and prevent the moving of the bond onto the next section. There should be a new bond on the next section, he thought Banda said this was a matter of enforcement and somebody had to draw the line and resolve the problem. It was too high to take the drainage from the Ipswich area into the drain under 93 and this was the problem. Miceli said this was a good point and that the Federal Bureau of Roads might take care of this. He asked the TM to contact Congressman Brad Morse and ask him to inquire.

Banda then suggested that the insurance policy at the North Intermediate School be investigated. He thought that they could recover under the water damage clause. Morris said he understood it was under the contractor's insurance policy still, but he will check with the Permanent Building Committee.

#### Other Business

The Chapter 81 Agreement for maintenance of roads and the Dump Contract were signed.

Harold L. Delano of 291 Woburn Street and John A Muise of 99 West Street were drawn for

Criminal Session in Cambridge on April 22, 1968.

A public hearing was set for a telephone post to be installed on Middlesex Avenue ten feet Southwest of Federal Street on April 1, 1968.

Dues of \$15 were voted for the Middlesex County Selectmen's Association Meeting for Merrimack Valley Selectmen's Association was changed to March 20 at the Old Oaken Bucket in Westford when the MBTA takeover of the Eastern Mass Railroad will be discussed. Miceli will represent the Board at the Governor's Conference.

The Licensing Authority in Tewksbury requested information on allowing liquor establishments to stay open until one am on Saturday, or Sunday morning. The TM will write a letter explaining that we have no liquor establishments.

Bruce McDonald, Mr Steward and Jimmy Tighe were reappointed to the Finance Committee.

Banda appointed Florench Berofsky to the Voting Machine Study Committee.

#### New Business

Bob Woods asked approval by the Board for Austin Prep to use the Town Park for a Baseball Field until their own was completed. Miceli made the motion to grant them this privilege subject to the fact that the Town will not be held liable for injury to any person.

#### NOSEY NANCY

And remember...your candidate receives your vote only if you are properly registered. "Anyone who wishes to change his party registration in preparation for the Primary Day on April 30th, must do so at the Town Hall by March 30th which is Saturday, either as an independent, or in the Party in which you intend to vote!"

Now, get with it there, folks. The country needs you, You, and YOU in order to pull itself out. Remember that the privilege of voting is part of your democratic heritage and birth right, so let's use it each and every one, and let the Communist countries and other countries of the world know that we believe in a working democratic form of government, for the people, and by the people!

#### Kiwanis Club News

The visiting Kiwanian last week was Lt Governor, John Cersosimo. Guests were George Webber and Harold Radocha.

The meeting was at Fieldstones in Andover and 25 members were present.

Harold thanked the members and the 12 wives for cooperating during the 3 day session. Mrs Wallace is writing a complete report for the use of the club and the schools. It was voted to send Mrs Garrett a bouquet of roses for her job.

# Madam Chairlady

Mrs Madelyn McKie was selected Chairman of the Planning Board, Tuesday night, amidst promises from the other members that they would help her, in the tasks of chairmanship. After finally accepting she was presented with a gavel, by past Chairman Danny Gillis.

Her first assignment was duties. Bill Stickney is to continue to have the duty of attending Board of Appeal hearings. Danny Gillis will continue on work about the '50 foot' lots, and will also be in charge of the Planning Board's Open Space for Recreation program.

Fred Arsenault was assigned work on Underground Conduits for Electric Utilities, and will be the Legislative Liaison man of the committee - by which is principally meant the person who reads the reports on what the State and National Legislature is doing, in the realm of Municipal Planning.

A letter was received from the Chairman of the Massachusetts Natural Resources Commission, saying that he had received the application from Wilmington for assistance by the state, on the Open Space project eastward of Hathaway Acres.

The board was notified that the Town of Wilmington is now in No. One position, in the Commonwealth of Massachusetts, in the list of towns and cities to receive 701 Funds, when and if those funds become available.

Town Engineer Arthur Harding told the committee that he had received many telephone calls about flooded cellars. Most of the callers were apologetic, he said, knowing that his funds had been cut, and he would probably be unable to do anything.

**MADAM CHAIRLADY:** Probably the only lady in Massachusetts to be Chairman of a Planning Board, Mrs Madelyn McKie picks up the gavel presented her by Past Chairman Danny Gillis, at Tuesday night's meeting.

## MRS RICE RECEIVES THIRD PRIZE

Mrs B R Rice of Wilmington received Honorable Mention for her Hanging Basket and third prize for her Hyacinth in the amateur horticultural section of the New England Spring Garden & Flower Show at Suffolk Downs.

Amateur horticulturists from New England entered plants from

forced bulbs, orchids, and hanging baskets to window sill collections and bonsai plants in this expanded section of the Show. Many plants are on exhibit as a result of workshops held during the year under the auspices of the Mass Horticultural Society.

Bonsai plants, exhibited on a non-competitive basis, are presented as an outgrowth of the Society's bonsai study group.

## With Your Servicemen

The Town Crier has been endeavouring, for statistical purposes, to determine just how many Wilmington men were in the service, as of February first.

A few weeks ago the count was 198. Since then, as may be expected, a few more names have turned up. The count now seems to be 202.

Robert Perry of Dobson Street was not listed before. He is now out of the Navy, but was in the service on February first.

Ronald Fournier of Fitz Terrace is in Viet Nam, and has been there since last July. He took part in the fighting last summer, near Dak To, and has received the Purple Heart for wounds sustained in that fight.

Arthur R. Buxton Jr. of 9 Nassau Avenue, also in the Army, has just completed his basic combat training at Fort Dix, N.J. He was promoted to Pay Grade E2, two months earlier than usual, because of the scores he attained in range firing, in his physical combat proficiency test, and in military bearing and potential.

Number 202, of those who were in the service on February first, is Ray Robinson of 15 Webber Street. Ray has been undergoing advanced infantry training at Fort Polk, La.

Two men who have joined since Feb. first, in the US Navy are Richard Provenzano of West Street and John J. Zengilowski of Cunningham Street. Provenzano is at

Added to the many myths about sleeping and waking that have been punctured in recent studies is one more, the notion that a really healthy person leaps out of bed wide awake and full of energy after a good night's sleep.

The evidence is that we all wake slowly; even after we are up and dressed and have breakfasted, and some of us wake much more slowly than others.

It takes a long time for body and brain to warm up to efficient working levels after the night's slowdown.

Some persons have a curve that rises through the morning, reaching a peak about midday and declining through the afternoon, while others are at their best in the morning.

Still others, the 'evening people' wake up feeling wretched and are at their liveliest at night when the morning people are about ready for bed.

Be 'wide awake' when it comes to knowing where to have your prescriptions filled. Come to Silver Lake Pharmacy. Open every day 9 A.M. to 10 P.M. Cosmetics, greeting cards, candy.

Great Lakes, undergoing 'boot' training, and Zengilowski is about to leave, if he has not already done so.

Billy Hudson of High Street is another Navy recruit, who joined up under the Navy's 120 Day Delay Program.

Out of the service is Gerard Van Steensburg, of Hobson Ave. but his brother Jimmy has signed up for another year in the Navy.

John Stanley of High Street is now at Quang Tri, which is about 30 miles north of Hue, in Vietnam.

L. Cpl John Baldwin of Jones Ave came home on March 11th for a 20 day leave, after which he is to ship out for Vietnam.

## Student Government Day at High School

Student Government Day at the High School affords the student body an opportunity to participate in Town Government. The entire student body participates as the electorate and members of the student body are elected or appointed to fill various governmental offices.

The students have elected members of the Board of Selectmen. Those elected, in turn, appointed a Town Manager, a Superintendent of Schools, Police and Fire Chiefs.

On March 4, the following were elected. Selectmen, David Knight Robert McAllister, Philip Krey, William Montuori, Charles Nickerson. The School Committee Members are: Lorraine Boudreau John Kroll, Angela Riccelli, Paul Coolidge, Donald Miller, and John Lyford.

The elected officials met to appoint the following: Town Manager Richard Lyford; Superintendent of Schools Andrew Petto; Police Chief, Henry HAAS; Fire Chief

Edward Corcoran.

The entire group then met to plan the remaining activities of Student Government Day. During the next few weeks, they will meet with their counterparts in the Town Government and discuss the problems of Wilmington and how they are being faced.

Culmination of the program will be a dinner given for the students and their parents by the School Department. This will be held on Wednesday evening, March 27. At that time, the students will have the opportunity to tell their experiences.

Student Government Day has been an important part of the all-over education. It is hoped that this year and in the future, it will be marked by the same success and that these students will leave Wilmington High with a better understanding of the basic element of Democracy -- Town Government.

## 8 on U. Mass Honor Roll

Eight Wilmington students at the University of Massachusetts, at Amherst, and all graduates of Wilmington High School, have been named honor students for the first semester of the 1967-68 academic year.

Miss Joan I Bishop, daughter of Mr and Mrs Frank Bishop of Woodland Drive, a History major, and Miss Dianne M Mortelliti, daughter of Mr and Mrs Nunzio F Mortelliti of 12 Hathaway Road, a French major, are of the Class of 1968.

In the Class of 1970 are Miss Beverley J McLain, daughter of Mr and Mrs Vincent R McLain of 100 Middlesex Avenue, an Education major; Allan F Small, son of Mr and Mrs Nelson F Small of 131 Middlesex Avenue, a pre-Dental major; Miss Carlene Y Riccelli daughter of Mr and Mrs Carmen J Riccelli of 95 Shawshen Avenue, and English major; Dale F Bishop, son of Mr and Mrs Frank Bishop of Woodland Road, an Education major; and Charles B Moegelin, son of Mr and Mrs Ernest Moegelin of 1 Gunderson Road, a History major.

Miss Wendy J Evans, of the Class of 1971, and daughter of Mr and Mrs John R Evans of Balfordvale Street, also named, is a Psychology major.

## ST THOMAS CHURCH

Masses: Sunday - 7, 8:15, 9:20 Down, 9:30 Up, 10:45, 12 noon and 5 pm. Weekday 6:45, 12 noon, Friday 7:45 also, Saturday 7 am.

Friday 3:30 pm Stations of the Cross. 7 pm Boy Scout Court of Honor and Charter Presentation. 7:45 pm Special Lenten Mass. Stations in private.

The First Communion Breakfast of the School of Religion will be discontinued this year, as a result of the vote of Grade 2 parents.

First Confessions will be on Friday May 10. Those who were baptized outside the parish are expected to have their baptismal records sent to us.

The First Communion Class will not meet next Sunday for Mass at 8:20 nor for class. There will be a Teacher's meeting following the 9:30 Mass. Take your children to any Mass with you. It is good for them to see how you pray in front of them.

The 9:20 Mass is to continue on Sundays because the 9:30 upstairs cannot contain all. We suggest those attending park in the second area adjacent to Villanova Hall where they can exit easier. Good Christian driver traits, if started here at the Church, could carry over when courtesy is demanded on the highways.

Friendly Town is a program planned to give inner-city children a two week vacation. They come from low income families. Each

child has a health card and is covered by insurance. During the past two years Wilmington has welcomed more children than any other community. If you really want to do this, contact Mrs Coester, 658-4273

CYO: The Youth Center is open Sunday afternoon and Friday and Saturday evenings. Adults are always welcome to come in join with the young folk.

There will be a Cake Sale next Sunday, after Masses, conducted by the 5th Class of Mrs Harrington, to aid their missions.

## SILVERMAN (Fr. Front Page)

is to leave Boston tomorrow on a ten day tour of Maryland, Virginia, Washington, Long Island, and New Jersey, and will include a final concert in the Town Hall in New York City.

Mr Silverman was recently a member of the Conservatory Chorus which sang Haydn's 'Creation' with the Boston Symphony Orchestra, both in Boston and in Carnegie Hall in New York City.

A 1963 graduate of Wilmington High School, Mr Silverman is a Senior at the Conservatory, and will receive a Bachelor of Music Education degree in June. He is also a pianoforte major. He is also music director of Hilcrest Church in Melrose, Camp So-Sa-Ma-Ca in Raymond, NH, and is the music instructor of the Sacred Heart CYO Bands in Roslindale, Mass.

Adjust only the controls recommended in the manufacturer's instruction sheet. Certain controls on the back of the set should be adjusted only by a qualified service technician.

Why is 5/8" the  
shortest distance  
between the  
Atlantic and the  
Pacific?

When you dial Area Code 212 you reach New York. But Area Code 213 lands you in Los Angeles ... over 2,000 miles away.

Yet the exact span between the 2 and the 3 on your telephone dial is only 5/8 of an inch. So you can see why it's important not to "guesstimate" an Area Code ... not to dial carelessly. A wrong turn of your dial can detour your call across the country.

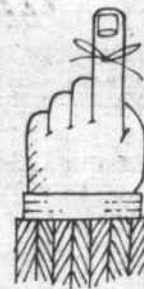

## Make your move

And speaking of going across the country ... is there a move in your future? Provided you're moving to a community served by the Bell System, your local Service Representative can now arrange to line up your new service before you move. You may also arrange to have your incoming calls referred from your present number to your new home.

## Have an economy weekend.

Don't forget ... telephone long distance rates are now just as low all day Saturday as they are all day Sunday. You don't have to wait till Sunday to take advantage of low long distance rates.

We try to make  
your every "hello" ...  
a real good buy.

#### MIRACLES

Some of the best news that has  
 greeted the world in recent months  
 were the dramatic stories of heart  
 transplant operations in South Africa  
 and the United States.

It is doubtful if these operations  
 would have been possible without the  
 help of a host of important drugs de-  
 veloped and perfected by pharmaceu-  
 tical companies operating within the  
 free enterprise system.

As we count the blessings of this  
 and other great strides in surgery, let  
 us not forget the members of the  
 health team who help make these  
 "miracles" possible. In particular I  
 am thinking of the men and women  
 in our pharmaceutical companies who  
 discover and produce these vital med-  
 icines, and the dedicated pharmacists  
 who dispense them.
